

## **MODULE 2**

### **FORMATIVE PURPOSE:**

Requests and provides basic personal information in school and community contexts

### **"YOUR SCHOOL'S HEALTH HABITS!"**

**Purpose:** In this project, you will create a questionnaire using yes/no and Wh-questions to gather information about healthy habits. You will create a simple questionnaire using English questions about when and where they do healthy activities, like sleeping, eating or doing exercise.

#### **Instructions:**

##### **1.- Think about healthy habits:**

- What activities do people do to stay healthy?
- - sleep- eat- walk- drink water- do sports- rest

##### **2.- Remember the question types**

- You will use two types of questions in your questionnaire:
- **Yes/No Questions**
  - **Examples:**
    - Are you active every day?
    - Are fruits and vegetables part of your meals?
    - Are you thirsty right now? Is breakfast important for you?
- Wh- Questions
  - Examples:
    - What time do you have breakfast?
    - Where do you do exercise?
    - When do you go to sleep?

##### **3. Write your questionnaire (6 questions)**

Write:

- 3 Yes/No questions
- 3 Wh- questions
- Example Questionnaire: Is water your favorite drink?
  - Are your friends healthy?
  - Is your lifestyle good for your health?
  - What is your favorite sport or activity?
  - Where is your favorite place to exercise?
  - When do you eat breakfast?

#### 4.- Interview 4 classmates

- Use your questionnaire to ask 4 classmates.
- Write their answers using short sentences.

#### 5.- Final Product:

- A questionnaire (6 questions: 3 yes/no + 3 Wh-)
  - A short report with your classmates' answers
  - Make a small poster or chart showing the most popular healthy habits in your class.

Hope this project helps you reflect on your own habits and take steps to improve your physical and emotional wellbeing!
